# ABOUT US

**SHRISIDDHI PACKAGING INDUSTRIES** began its activities in the field of manufacturing tapes. It is located at Talawade. Established in April 2022. At present we have 5000 sq. ft of work area with technically skilled & experienced team of workers & managers. We are mainly engaged in the manufacturing of BOPP tapes, Jumbo roll & packaging material. We always adhere to the high-grade, excellent quality as the service advantages, to provide customers with satisfactory adhesive products. Our vision to cater to the growing demand for Flexible Packaging Film such as Antistatic Film, Shrink Film and Stretch Film.

Team **SHRISIDDHI PACKAGING INDUSTRIES** led by Mr. Mahesh Shinde. **SHRISIDDHI PACKAGING INDUSTRIES** has grown & expanded its scale of operations exponentially and today it caters to Indian clients by best possible way.

Our company has a complete set of quality testing process, so as to ensure the quality of product. We have established a set of strict raw material monitoring methods to ensure the consistency of raw material quality and eliminate the possibility of raw material quality problems affecting product quality. From the purchase of raw materials to the operation and inspection of the production process and the sales of products.

We work with a vision to provide quality and timely service to achieve complete customer satisfaction. And build a smarter payment, marketing and management ecology for enterprises. To manufacture, process and supply the Best possible product for packaging.

# VISION
